OUR TOP PICK'S FOR THE MONTH

Ashwagandha, an ancient medicinal herb with roots in Ayurvedic tradition, has been gaining traction in the modern wellness world. Traditionally used as a general tonic, ashwagandha is often touted for its stress-fighting properties. But did you know its potential benefits extend far beyond calming your nerves? Let's delve into the exciting science behind ashwagandha and explore its diverse advantages for your overall well-being.

Ashwagandha: The Adaptogenic Ally

Ashwagandha is classified as an adaptogen. Adaptogens are natural substances believed to help the body adapt to stress, both physical and mental. Here's how [ashwagandha in Pakistan](#) might support your well-being:

- **Stress Relief:** Studies suggest ashwagandha may help reduce stress hormones like cortisol, promoting a sense of calm and relaxation.
- **Improved Sleep:** Early research indicates ashwagandha might improve sleep quality by reducing anxiety and promoting relaxation.
- **Enhanced Energy Levels:** Some studies suggest ashwagandha may combat fatigue and boost energy levels.
- **Potential Benefits for Anxiety:** Research suggests ashwagandha might be helpful in managing anxiety symptoms.
- **Athletic Performance:** Some studies show ashwagandha may improve muscle strength and recovery in athletes.
- **Cognitive Support:** Early research suggests ashwagandha might benefit cognitive function and memory.

Important Considerations:

- **More Research Needed:** While promising, more research is needed to fully understand the long-term effects and optimal dosages of ashwagandha.
- **Consult Your Doctor:** Discuss ashwagandha with your doctor before starting any new [dietary supplements](#), especially if you have any underlying health conditions or are taking medications.
- **Choose Quality:** Opt for reputable brands with standardized extracts to ensure quality and consistency.

Unlocking Ashwagandha's Potential

Ashwagandha offers a range of potential benefits, but it's not a magic bullet. Here's how to incorporate it into your routine:

"After a disastrous experience with a previous agency we we're in need of a development partner that could complete our website project quickly. We found C2 and they did just that! I can't say enough about the awesome communication throughout the whole process. Our project manager Justyn was amazing and she was always there to answer the *many* questions we had and offer solutions. They developers were receptive to our ideas, needs, and wants and worked super quickly to fulfill each of these requests. We will definiely work with C2 in the future for all of our development needs. Thank you, C2 team!"

Our Story

For over a decade, we have been at the forefront of creating and maintaining critical assets that are the backbone of societies and economies: roads and railways, airports, seaports, tunnels, and bridges, healthcare and educational facilities, essential utilities like heat, light, power, and water, along with residential and commercial spaces—forming the very infrastructure that fuels progress and enriches lives. Since our inception in 2006, we have evolved into an international entity, adept at operating in both emerging and established markets. Today, we are among a select group of firms possessing the expertise to undertake large-scale, complex projects and capitalize on the growth in long-term infrastructure markets. Our footprint is evident not only in iconic structures and bold engineering feats but also in hidden innovations and the essential, unseen components of the world's most significant infrastructure projects. Our comprehensive capabilities and profound technical know-how position us as a genuine global leader in infrastructure. Our journey is powered by the dedication of our people and the shared values that bind us, instilling confidence in our varied stakeholders and fostering enduring partnerships. We are united by a collective commitment to operate sustainably and safely, regardless of where we set our foot. Our impact is immeasurable, our contributions pivotal, and our commitment unwavering, as we continue to build a future that's sustainable, secure, and prosperous for all.

Our Values are at the heart of everything we do; they define the way we behave, both with each other and with our customers and partners, and how we think, helping to shape the culture, character, and beliefs of our business. We care. We respect each other and we do things safely and

THE ACCOUNTANTS THAT UNDERSTAND YOUR BUSINESS

AND OFFER EXCELLENT SERVICE

Making Tax Digital is changing how we submit tax returns. And with Making Tax Digital for Income Tax Self Assessment (MTD for ITSA) coming into force from April 2026, it's time to start planning how you'll meet the compliance requirements for MTD for ITSA.

We've highlighted the four main areas where you need to take action, to be ready for the deadline – so you maximise all the benefits of going digital.

The basic requirements of MTD for ITSA

MTD for ITSA will affect you if you're running a self-employed business or you're a landlord with annual business or property income initially above £50,000. To comply with the MTD for ITSA rules when they kick in from the 2026/27 tax year, you'll need to:

- Keep digital records of all business transactions
- Submit quarterly updates to HMRC
- Submit an annual end-of-period statement
- Finalise your tax return for the year
- Pay any tax due to HMRC

This switch from an annual self-assessment tax return process to quarterly and annual returns is a major change. It means increasing your interactions with HMRC, keeping extremely accurate digital records and having a highly defined process for your tax return.

Some people will already be set up to meet these digital requirements. But, if you've not yet jumped onto the digital bandwagon, there are a few important

Naturally ENERGIZING, Delightfully REFRESHING

August 14th is celebrated nationwide with great warmth and zeal. Therefore, Imtiaz celebrated this day with the full spirit of independence. The in-store celebratory activities were pulled off very successfully at all our 24 stores across Pakistan. The celebrations began on 12th August and continued until 14th August including singing and coloring competitions, face paintings, musical chairs, cake cutting, giveaways, and whatnot. The stores were decorated in the theme of our flag and 75 years of independence. What really added to the essence of the celebration was our special lucky draw where 75 lucky winners could get a chance to win a shopping voucher worth Rs. 25,000!

Apart from this, we held a very special ceremony on the 14th of August to pay a heartfelt tribute to our dear homeland and played our national anthem at 4 PM sharp across all our stores in Pakistan simultaneously. This really created a buzz amongst our customers and got us appreciation from them.

As much as we were excited to celebrate the 75 years of Independence, the customers equally joined in with great enthusiasm across our stores. This gives us encouragement to continue executing such enlivening activities in the future because Imtiaz believes in celebrating moments of joy with its valued customers.

customers with the best services. This logo was however changed in 2020, as the #NEWONE, a persona reflected in its revamped emblem. The symbols in the logo represent its new vision and mission including; Star – embracing change and excellence, Happy Customer – valuing customer and stakeholders, Tick – righteous business ethics, and an Arch – symbolizing strength and support. Alongside, the symbols, Imtiaz has been embedded representing it as a complete home store with three different formats; Imtiaz Mega, Imtiaz Super Market, and Imtiaz Xpress.

VISION

"To be recognized as the best value provider ever"

OUR PHILOSOPHY

"To put all our efforts in providing best value to all our partners, stakeholders, customers and society at large"

What we do?

We offer a variety of products to the greatest extent. Items provided by Imtiaz are found on the racks of small scale marts around Pakistan.

Our extents have been assembled to assist you with maximizing deals from our current vendors meanwhile drawing in more of them.

MENARD POLO

Menard Polo is a specialist Polo Company originally founded by Antonino Menard, a 5 goaler professional polo player with over 15 years of experience playing and coaching the sport all around the world. Currently based in England and Argentina, for their main seasons, as well as travelling to play specific tournaments in different countries.

He decided to create this company to share his experience and knowledge to provide comprehensive polo services. Our mission is to allow more individuals to explore and enjoy our utterly unique sport.

POLO HORSES FOR SALE

At Menard Polo, we have a wide range of horses for sale. We guarantee that each horse available on our site meets certain criteria, allowing us to sell only the best horses available. If you are unable to find a suitable horse on our site, we have connections with multiple trusted partners to find the ideal horse for you.

As well as buying a new horse, we can also help you sell any horses you wish to part with. Through our extensive network, we can market your horse for you, ensuring they are connected with suitable individuals within the industry.

If you would like to buy or sell a horse, or you would like to enquire, please feel free to contact our team directly.

5 INCREDIBLE BENEFITS OF ARENA POLO IN WINTER

Playing outdoors on grass, polo is a summer sport with the season starting in April and ending in September. However, for those who'd rather not wait seven agonising months to get their fix, there's a solution – arena polo.

Arena polo allows players to play in the off-season, which provides a range of amazing benefits for players and their horses.

In this blog we'll explain what arena polo is, how it differs from the standard game and why it can benefit players and ensure they're ready and raring to go once the regular summer season starts.

Arena Polo In Winter

With rock hard pitches, chilly winds and low temperatures, winter doesn't exactly provide ideal conditions for playing polo! However, if you're a true polo aficionado and you'd rather not wait until the season starts in April, there's a way you can stay active and continue to hone your skills in the off-season.

Arena polo, which takes place indoors where players are shielded from the harsh winter elements, allows you to continue participating in your favourite pastime long after the regular season has ended.

The increasing popularity of arena polo means that for many, what was once a predominantly summer affair has been transformed into something that can

NATURAL REPELLENT

The active repelling ingredient in neem oil is azadirachtin. 90 percent of insects that have been exposed to this compound have been proven to be affected. Azadirachtin does not kill insects immediately, however, the compound repels insects directly and if the insects come into contact their growth and reproductive patterns are disrupted. Thus removing insects from the body or area of application.

Primary Curriculum

Within the Primary classrooms, you will find students from three to six years of age working in five areas: Practical Life, Sensorial, Mathematics, Language and Cultural. This mixed age group environment is thoughtfully prepared and lends itself to peaceful exploration and discovery. Maria Montessori considered this Primary age the "sensitive period" for a child, and our experienced guides provide a beautiful, calm and welcoming environment for exploration and learning.

Practical Life:

At MMS, our Practical Life area is an inviting welcome to our young Primary students. Our Primary guides have created a Practical Life environment rich with work that builds concentration, strengthens motor development, and it further develops independence. Within this area students will learn Care of

SLOTENMAKER IN VLAANDEREN

BUITENGESLOTEN? SLOT KAPOT? SLEUTEL AFGEBROKEN?

TOEGANGSCONTROLE

Wat zijn sleutellose toegang systemen en hoe werken ze? Hoe vaak bent u na een lange dag niet thuisgekomen om u te realiseren dat u de sleutels niet bij u hebt? De gevoelens van hulpeloosheid en spijt worden gevolgd door pure paniek, verwoed proberen de sleutels te vinden en hopen dat er een manier is waarop u er helemaal niet op hoeft te vertrouwen. Om de problemen in verband met sleutels te verhelpen, werden in de jaren zestig sleutellose toegang systemen ontwikkeld die de noodzaak van sleutels uitschakelen en uitgebreide controle bieden over de toegangsactiviteiten, samen met mogelijkheden voor het volgen van toegang. Elektronische toegangscontrole systemen controleren en beheren de toegang tot een woning met behulp van verschillende authenticatiemethoden.

[STEL EEN VRAAG](#)

VOORDELEN VAN SLEUTELLOZE TOEGANGSSYSTEEM VOOR UW HUIS

Hier zijn enkele voordelen waarop deze systeem heel handig kan zijn voor uw huis:

- **Makkelijk**
1. Geen fysieke sleutels nodig. Het is vrij eenvoudig om een code te onthouden en een kaart altijd in uw portemonnee te bewaren dan om voor een set sleutels te zorgen.

SLOTENMAKER IN VORSELAAR 24/7

Telefoon: 0488 08 84 66

Lokale slotenmaker

Bent u buitengesloten? Wilt u een slot plaatsen of vervangen of hebt u andere vragen? Aarzel niet om ons te contacteren! U krijgt tot 5 jaar garantie op al onze sloten! Indien uw woning ouder is dan 10 jaar verlagen we de BTW van 21% tot 6%! Als u een slotenmaker vindt die het goedkoper doet dan wij, geven wij u -5% korting op deze goedkopere prijs. Dit op voorwaarde dat de goedkopere offerte is voorgelegd vooraleer de werken gestart zijn.

WE ZIJN GESPECIALISEERD IN:

Wat kost een slotenmaker? Prijs deur openen & sloten vervangen

De kosten van een slotenmaker variëren afhankelijk van diverse factoren, zoals:

- **De dag en het tijdstip:** Slotenmakers rekenen doorgaans meer voor spoedklussen buiten normale werktijden, in het weekend en op feestdagen.
- **De locatie:** Slotenmakers in grote steden of afgelegen gebieden kunnen hogere tarieven hanteren dan die in kleinere steden of dorpen.
- **De werkzaamheden:** De prijs hangt af van de complexiteit van de klus. Het openen van een eenvoudige deur is goedkoper dan het vervangen van een ingewikkeld slotensysteem.
- **Extra kosten:** Er kunnen extra kosten zijn voor materiaal, zoals nieuwe sloten of cilinders.

GEMIDDELDE KOSTEN:

Deur openen: De gemiddelde kosten voor het openen van een deur bedragen tussen €75 en €150.

Slot vervangen: Het vervangen van een slot kost doorgaans tussen €100 en €200, inclusief arbeidskosten en materiaal.

VOORBEELDEN VAN PRIJSOPGAVEN:

Overdag, doordeweeks:

- Deuropenen: €75 – €100
- Slot vervangen: €100 – €150

Avond/weekend (spoed):

- Deuropenen: €125 – €175
- Slot vervangen: €150 – €200

Feestdag (spoed):

- Deuropenen: €150 – €200
- Slot vervangen: €200 – €250

My boys, Grown Boys, and I may even order myself one. Lolll. I would have originally, but i wasnt sure how the pajamas would fit. But the fit is perfect. This is my second time ordering. The first purchase was for my boys, but those fit kind of snug on my boys. But I am very pleased with this purchase.
